

Argotec™ EU38

General Description

EU38 is a 35 micron, 38 gsm highly breathable, transparent, medical-grade polyurethane film on a film carrier.

Typical Property	Value
Thickness	35 microns
Weight	38 g/m ²
MVTR, upright (per 24 hrs @ 37°C)	2900 g/m ²
MVTR, inverted (per 24 hrs @ 37°C)	20000 g/m ²
Tensile strength MD	800 gf/cm
Tensile strength TD	800 gf/cm
Nominal length at max width	1000 lm
Minimum width	50 mm
Maximum width	1300 mm
Carrier	73 gsm release coated film carrier
Liner	n/a
Adhesive	n/a
Stripping load (release)	1.0 gf/cm
Elongation at break, MD	700%
Elongation at break, TD	700%
